

What you need to know about NCMIC's Claims-Made Malpractice Insurance for Naturopathic Doctors

Claims-Made Coverage

Claims-Made Coverage: This type of policy provides coverage for claims that are made against you and reported in writing during the policy period or during an extended reporting period. Incidents that result in a claim must occur on or after the retroactive date of the policy and before the policy terminates. Upon termination of the policy, you have the option to purchase an Extended Reporting Endorsement or "Tail Coverage," which will allow claims to be reported for an indefinite period of time, as long as the incident occurred on or after the retroactive date and before termination of the policy. Note: the Extended Reporting Endorsement may not be available if your policy cancels for non-payment of premium.

Retroactive Date: The claims-made policy only covers incidents that occur on or after the policy's retroactive date. The retroactive date is stated on the declarations page and can be concurrent with the effective date of the policy or a date other than the effective date of the policy, upon which you and we agree coverage will be applicable. However, if you purchased an extended reporting endorsement from your current carrier, your prior policy was an occurrence policy or you have had a gap in coverage, the retroactive date will be concurrent with the effective date of the new claims-made policy.

Effective Date of Coverage

Upon approval of your application, your policy effective date may be no earlier than the day your completed application is received by NCMIC. If you choose to fax or email your application, the earliest effective date will be the day after it is received.

Professional Entity Coverage Options

- **Shared Limits:** This provides shared limits of liability coverage for the entity for no additional cost.
- Separate Limits (Group Policy): This provides separate limits of liability coverage for the entity as well as the insureds listed on the Schedule of Insureds. The premium for this coverage will be 20% of the total undiscounted base premium for each insured listed on the Schedule of Insureds. Important Note: In order to qualify for this coverage, all naturopathic employees, officers, directors, and partners must be insured with NCMIC on a group policy.

Application Checklist

- ✓ Include a copy of your most recent declarations page from your previous carrier.
- ✓ Include a copy of all active licenses/registrations you hold.
- ✓ If coming from a previous carrier, the effective date of the policy must be on or after the cancellation date of your previous policy.

Please completely fill out all areas on the application.

If any areas do not apply, please state, "N/A."
